Sponsorship Invitation
3rd ICANN APAC-TWNIC Engagement Forum
With 37th TWNIC IP Open Policy Meeting

Dear Sir/Madam,

The TWNIC is pleased to invite sponsors to support the 3rd ICANN APAC-TWNIC Engagement Forum with 37th TWNIC IP Open Policy Meeting, joining leading Internet organizations and key industry figures in assisting Internet development both in Taiwan and the Asia Pacific Region.

The 3rd ICANN APAC-TWNIC Engagement Forum has become the major platform for Taiwan and the Asia Pacific Internet community, focusing on technical policy and infrastructure management of Internet unique identifiers and cyber security. It is marketed to, and attended by, the Taiwan and Asia Pacific Internet community comprising public sectors, private sectors, Internet operators, ISPs, domain name industries and stakeholders of the broader technical and policy community of the region.

The Forum is a joint effort of the ICANN APAC and TWNIC to bring the Internet stakeholders together, establishing a platform for the communities to extend the discussions from a variety of aspects of stakeholders and to keep pace with dynamic technologies and rapid innovation.

The 3rd ICANN APAC-TWNIC Engagement Forum will be held at The Howard Plaza Hotel Taipei on May 12-13, 2022, Taipei City, Taiwan. The agenda planning is solid by the participation from key community figures as speakers and tutors, senior business and technical representatives from industries throughout the global and Internet leaders from around the world.

The 3rd ICANN APAC-TWNIC Engagement Forum provides substantial benefits to the Taiwan and Asia Pacific Internet community and all the sponsorships will be crucial assist to the Forum. As a sponsor, you will have a valuable opportunity to showcase your products and services to the Internet community as well as the key stakeholders. Sponsorship will also demonstrate your commitment to and support of the Internet community.

Sponsorship options and benefits are enclosed for your reference. If you need more information about sponsoring this event, please email the Engagement Forum Secretariat at <forum@twnic.tw>.

I look forward to hearing from you. Thank you for considering this request.

Sincerely yours,

Kenny Huang

Board Member and CEO
Taiwan Network Information Center

TWNIC

Taiwan Network information Center (TWNIC) is a neutral and non-profit organization taking responsible for the management of .tw/.台灣 country code top-level domain (ccTLD), IP address, and the operation of the Taiwan Computer Emergency Response Team/Coordination Center (TWCERT/CC). TWNIC coordinates, facilitates, and collaborates with domestic and global Internet organizations and communities to assist the development of Internet industry in Taiwan.

ICANN

The Internet Corporation for Assigned Names and Numbers (ICANN) helps coordinate the Internet Assigned Numbers Authority (IANA) functions, which are key technical services critical to the continued operations of the Internet's underlying address book, the Domain Name System (DNS). Besides providing technical operations of vital DNS resources, ICANN also defines policies for how the names and numbers of the Internet should run. The work moves forward in a style described as the bottom-up, consensus-driven, and multi-stakeholder model.

About 3rd ICANN-APAC TWNIC Engagement Forum and 37th TWNIC IP Open Policy Meeting

Taiwan Network Information Center (TWNIC), as a part of the global Internet ecosystem, hopes to establish a policy forum focusing mainly on domain names and IP related issues from the global network architecture. With the same mission and core values, ICANN and TWNIC aim to establish a policy discussion platform with a structural viewpoint on both regional and Taiwan's Internet environment to further explore the policy, technology, and interoperation with stakeholders' perspectives.

3rd ICANN APAC-TWNIC Engagement Forum is also with 37th TWNIC IP Open Policy Meeting as a parallel meeting with ICANN APAC. The IP OPM will provide great opportunities to the participants for the communication on the network technology research and industry development. It also brings together the opinions of various ISPs in Taiwan to provide relevant IP policies and management mechanisms.
